**Subject:** Lower Ley Creek Comments on RDWP submitted February 15, 2021  
**Attachments:** Combined Comments LLC RDWP\_Feb15\_2021.pdf

Dear Lauren,

Thank you for the timely submittal of the Remedial Design Work Plan (RDWP) for the Lower Ley Creek subsite of the Onondaga Lake Superfund Site. The U.S. Environmental Protection Agency (EPA), the New York State Department of Environmental Conservation (NYSDEC) and the Onondaga Nation have reviewed the RDWP (February 15, 2021). Please incorporate the attached comments from EPA, NYSDEC, and the Onondaga Nation and submit an updated draft of the Remedial Design Work Plan within 30 days (**April 21, 2021**). Please include a clean, combined version as well as a RLSO version of the text.

We will anticipate the following deliverable (Preliminary (30%) Remedial Design) within 90 days of the approval of the revised document.

Please feel free to reach out with any questions,

Victoria
